Student Feed-Back (Curriculum) 2018-19

Feedback analysis

In the year 2018-19 feedback forms were received online from students. The feedback on four parameters were considered, which were feedback on course content, course coverage, course relevance to real life, learning values, reading material and resource material. Students overall evaluation regarding the program offered and students views about Curriculum. This feedback is subjective and targeted responses were registered online for every subject separately. Every subject has varied number of students and we put aggregate report on general basis.

The sincerity and regularity of the student, was the criteria for students to fill the feedback form. According to maximum students, the courses offered in the institute were very satisfying and were benefitted by the course. Many of the students opined that the course was easy and manageable to understand. Almost all students gave positive response that the complete syllabus was covered in the class. Some students opined that relevance of the course was very well as per the current needs. Many of the students gave very good response for the study material available in the college library, methods of internal assessment and evaluations techniques adopted by the college.
