Student Feed-Back (Curriculum) 2021-22

Feedback analysis

In the year 2021-22 feedback forms were received online from students. The feedback on four parameters were considered, which were feedback on course content, course coverage, course relevance to real life, learning values, reading material and resource material.

The sincerity and regularity of the student, was the criteria for students to fill the feedback form. According to maximum students, the courses offered in the institute were very satisfying and were benefitted by the course. Many of the students opined that the course was easy and manageable to understand. Almost all students gave positive response that the complete syllabus was covered in the class. Some students opined that relevance of the course was very well as per the current needs. Many of the students gave very good response for the study material available in the college library, methods of internal assessment and evaluations techniques adopted by the college.

Conclusion –

After the analysis of the feedback forms received from students, it can be concluded that all the students were satisfied with the course and the teaching process followed in the related subjects. Students agreed that the course was well covered in the classes on time by the teachers. Majority of the students responded that they had a great experience regarding teaching learning process. Teachers were punctual, well prepared for delivering lectures, having good subject knowledge, use suitable teaching aids while teaching, are friendly and helpful and encourages participating in extracurricular activities.
