Report

The Post Graduate Teaching Department of Law, Rashtrasant Tukdoji Maharaj Nagpur University (RTMNU), Nagpur, conducted National Webinar on Online Arbitration: Issues & Challenges on 26th day of March 2022 in a virtual mode on Cisco Webex platform. The eminent resource person who enlightened the webinar were, Dr. Vikrant Sopan Yadav.

The webinar was related with the spotlight on the topic of Online Arbitration : Issues & Challenges in brief by Mrs. Dipali Mankar, faculty of P.G.T.D., Nagpur and a hearty welcome of our resource person by Dr. Payal Thaorey, Head of Department, Post Graduate Teaching Department of Law, Rashtrasant Tukdoji Maharaj Nagpur University (RTMNU), Nagpur.

In today's era ODR (Online Dispute Resolution) is the emerging need as well as the prominent step towards its enhancement for the growth of dispute resolution.

Dr. Vikrant Sopan Yadav, the eminent resource person of this national webinar beautifully started that "Talking about something which is not known by many or many are aware of; is the need of knowledge and the hour."

During the initial minutes Dr. Vikrant Sopan Yadav, spoke about the two phases of ODR (Online Dispute Resolution). Firstly, the known facets of an online platform e.g., Zoom meet, Google meet, Webex meet. Secondly, the different domains other than the first one's mentioned as above. He also told us about Research documents with cited examples of Neeti Ayog.

"Unfortunately, The Prevention of disputes are neglected, He exclaimed."

Nonetheless, Dr. Vikrant Sopan Yadav widened his scope on ODR by highlighting on Online Communication. He said, that, the Online Communication helps us to save time, no requirement of travelling, etc. Also, virtual meeting is as effective as offline or traditional method of meeting.

Further, Dr. Vikrant sopan Yadav explained beautifully the concept of virtual arbitration as well as how things actually happens and what are its's advantages and disadvantages. He glorified in this National webinar on the Synchronised & A-synchronised type of Virtual Arbitration, he also told about the Fully and hybrid modes of Arbitration in India.

1. Why one should use ODR (Online Dispute Resolution)?
2. Advantages & Disadvantages of ODR?
3. Block Chain Process and How it is most effective.

Thoroughly was enunciated and elaborated in the PPT while the webinar respectively by Dr. Vikrant Sopan Yadav.

During this national webinar students were glorified under the words of Dr. Vikrant Sopan Yadav and students also asked many questions regarding the same, which were calmly answered by Dr. Vikrant Sopan Yadav.

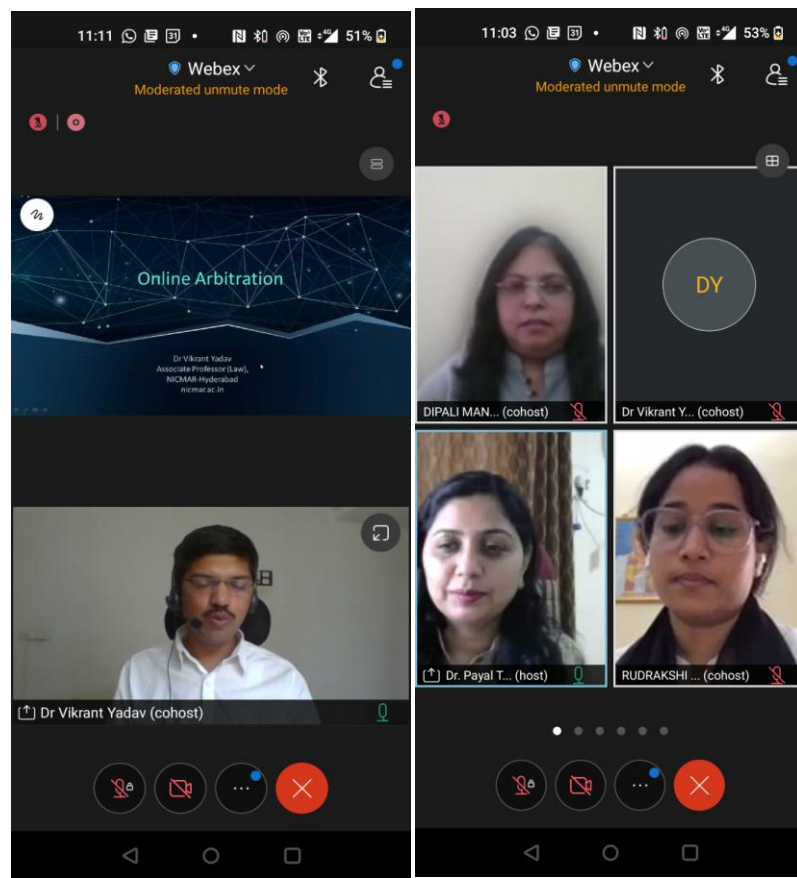

Conclusion –

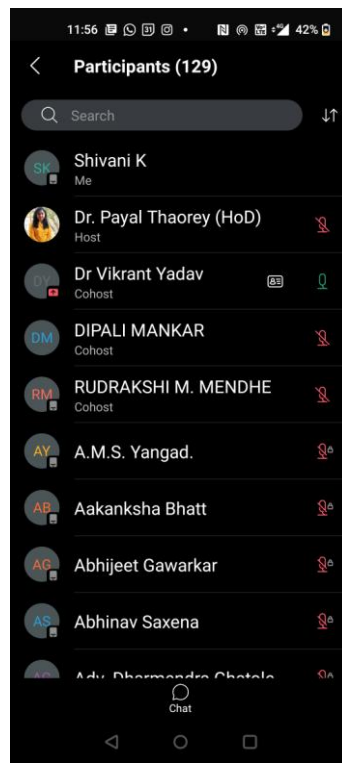

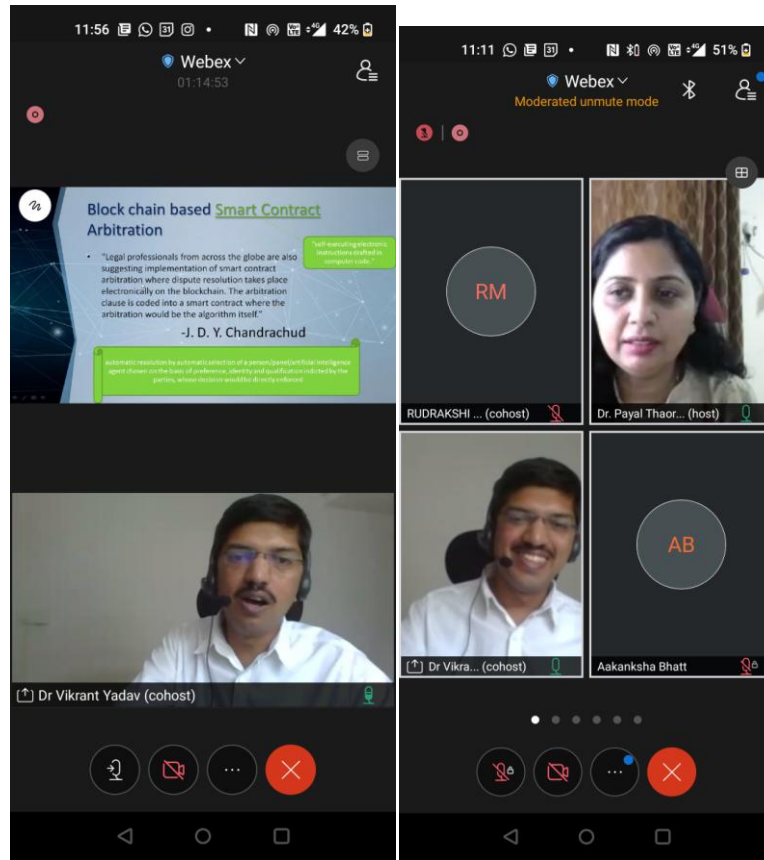

The acceptance of virtual dispute resolution is not unanimous, though the use of video conference and virtual hearings provides a viable alternative to international travel and in- person attendance at an arbitral hearing.

Virtual procedures or online arbitration practices adopted even partially, not for the entire arbitration, could significantly reduce the costs of travel and of organizing physical hearings.

An event like national webinar won't happen overnight, the staff works on it weeks ago and so did our department staff and student co-ordinators. We are thankful to be backed up by such hardworking team of department of law, who always encourage and enlightens the students with such emerging topics in today's era.
